

## DIGITAL PERSONALISATION AND MAILING UNIT

Our digital unit can dispatch up to 100,000 variable data documents per night

- We specialise in handling high value transactional documents.

Data is transferred by SFTP (or for NHS data via our accredited N3 connection) and documents are personalised on Ricoh, Canon and Xerox black and white or colour high speed digital printers.

Mailing is carried out on Muller Martini mailing machines with OMR capability, camera recording equipment has been installed to achieve the highest levels of accurate dispatch verification.

Our mailing unit is ISO 9001 and ISO 14001 accredited.

We are committed to reducing our carbon footprint and take an intelligent approach towards reducing our impact on the environment.
